

Directory of Products and Services

As of November 2024

The family of companies that make up Great American's insurance operations do business under several brands in a variety of markets.

Property & Casualty Insurance

Strength Through Specialization

The operations of Great American Insurance Group intentionally focus on specialty niche markets where we can have an advantage based on our expertise, unique products or distribution. Our group consists of highly diversified businesses offering a wide range of specialty commercial property and casualty coverages. These businesses are operated by seasoned managers with a depth of knowledge and expertise in each of our specialty lines of insurance and the markets they serve.

Each business unit has significant operating autonomy to oversee important operation functions, such as underwriting, pricing, marketing, policy process and claims service. Each, however, is subject to controls over capital allocation, financial reporting, actuarial assessments and strategic direction.

Accident & Health (pomi)

Great American offers a wide array of Accident & Health insurance coverages through its digital-focused pomi (an acronym for peace of mind insurance) brand. The group coverage provides comprehensive solutions for losses that may result from an accident for students, participants and volunteers. We serve niche industries like schools, daycares, camps, non-profits, youth sports organizations, collegiate activities and health and fitness companies.

Appointed agents can quote and bind most policies in under three minutes through the pomi portal. More complex plans can be customized for clients as well with help from our underwriting team.

In addition, consumers can purchase individual accident coverage for their dependents participating in youth sports activities through our online platform.

AgriBusiness®

Running a farm or ranch has always involved a lot of risks. But these days, rapid changes in the industry are raising the stakes. Advanced technologies and new environmental concerns are pushing farming and ranching in new directions. But no matter how much things change, one thing never will: Great American's AgriBusiness® Division is committed to keeping farmers and ranchers strong with effective insurance coverage.

We've been helping farmers and ranchers manage the uncertainties of doing business for more than 100 years. Today, we provide coverage for full-time farms, ranches and other agricultural operations in 44 states. Our farm products protect businesses that range from orchards to dairy farms to livestock operations. Our equine farm products protect equine farms, boarding stables, trainers, horse shows and many more equine type operations.

Alternative Distribution

Alternative Distribution provides small commercial insurance solutions through four digital channels: 1) direct-to-customer through its platform, PolicySweet.com; 2) through its co-brandable agent interface, PolicySweet Pro; 3) through API connections with agent-owned quoting platforms; 4) through embedded offerings on other digital platforms.

PolicySweet®, an insurtech brand by Great American Insurance Group, launched in 2019. The platform offers an end-to-end digital experience for small businesses to research, shop, quote and purchase insurance in minutes. Customers who prefer online shopping can secure coverage at their convenience from a computer or mobile device any time of the day.

The PolicySweet Pro platform allows for commercial agents to track lead activity and produce quotes for clients 24/7 directly from their agency website.

Finally, our API solution can be integrated into an existing website or app to provide seamless access to small commercial insurance in one interface.

Available products include Workers' Comp, Business Owner Policy and Micro-Business Owner Policy, all offered countrywide.

For more information, visit PolicySweet.com.

Alternative Markets

Alternative Markets specializes in mono-line and/or multi-line primary programs on either a traditional guaranteed cost (Specialty Programs) or risk-sharing basis (Agency, Association or Group Captives). Alternative Markets focuses on niche programs.

All programs, whether risk sharing or not, benefit from a high level of exclusivity, tailored underwriting and dedicated team claims service. Lines of business supported include: Workers' Compensation, General Liability, Property, Inland Marine, Auto Liability and bolt-on Cyber on a supporting Package, GL or BOP policy.

Alternative Markets entertains the delegation of underwriting authority and other unbundled services such as claims and loss prevention on a program specific basis and each arrangement is subject to regular audits and oversight.

Bond

Great American entered the Surety market more than 95 years ago, bringing a history of strong performance, secure resources and a broad appetite for business opportunity to this important industry segment.

Our agents and customers rely on the expert underwriting, solid financial strength, market leadership and personal service they receive from the Bond experts at Great American. With a highly diverse product line that includes both Commercial and Contract solutions, we are one of the leading Surety companies in the United States with loss results that are well below the industry average.

While we continue to be one of the largest writers of Contract bonding, we are also a leading provider of Commercial Surety Bonds with an emphasis on Miscellaneous, License & Permit, Court, Fiduciary and Public Official Bonds.

Crop

Great American has been an innovative leader in the crop insurance industry since it issued its first crop policy in 1915. Great American's Crop Division provides the tools clients need in the form of specialized crop insurance coverages, which can insure their revenue stream even if elements outside their control go awry. That means even in the face of a worst-case scenario, our clients will have the income to keep their operation functioning.

We welcomed Crop Risk Services employees, agents and insureds to Great American in July 2023, further demonstrating our long-standing commitment to the crop industry.

Crop insurance products offered include the federally reinsured Multiple Peril Crop Insurance policies (MPCI) and numerous Named Peril insurance products. MPCI insures against disease and weather related disasters causing crop losses on a unit basis. Named Peril programs are unique and varied. Included in our family of Named Peril products is Crop Hail, which provides spot-loss protection against damaging hail or fire.

El Aguila

Headquartered in Mexico City, El Aguila is Great American's oldest international operation, well regarded for its industry expertise and outstanding customer service. Since 1994, it has been an insurance leader offering specialized, multi-channel auto insurance in the Mexican marketplace. El Aguila auto insurance products are designed for private vehicle owners, typically over 25 years of age and/or operators of family vehicles.

Juan P. Riveroll, President of El Aguila, attributes the company's success to its strong underwriting and pricing values. "While most of our products come standard in this market, we offer specialized products that potentially lower deductibles for our insureds compared with certain products offered by our competitors." For example, El Aguila's "Coverage 100" product lowers deductibles for collision and theft incidents to 3% against their competitors' rates of 5% and 10%. In cases of total loss, an additional \$700 is added to the overall value of the vehicle. Free replacement car and uninsured motorist coverages are also significant competitive advantages in a market where 3 out of 4 vehicles are not insured. This approach mirrors Great American's pricing and underwriting operating values which translates into taking products to market that are attractive and priced correctly.

Although pricing and underwriting are top priorities for Juan and his team, excellent customer service (another Great American value) is always top of mind for every employee.

The Company's name – El Aguila – whose English translation means "The Eagle," serves as a great marketing tool for the company. "The name serves as an asset for commercial and marketing purposes. In fact, eagles are the national emblem of both Mexico and the United States, so it's simple for people to remember."

El Aguila at a glance

- 100% owned subsidiary of Great American Insurance Company
- Founded in 1994
- Headquartered in Mexico City with offices in Monterrey, Guadalajara and Puebla

FCIA – Trade Credit & Political Risk

FCIA underwrites and services the trade credit and political risk insurance policies of Great American Insurance Company.

Products for Companies

FCIA's Trade Credit Insurance policies protect companies against the risk of nonpayment on their accounts receivable whether caused by commercial or political risk events. Policies insure any combination of domestic and international sales of goods and services. Coverage is available on buyers in the United States and worldwide.*

Products for Financial Institutions

FCIA's Trade Credit Insurance policies protect financial institutions from nonpayment on trade finance and supply chain loans, as well as on loans secured by trade accounts receivable that are purchased or financed by the lender.

Political Risk Products

Operating in foreign countries, especially in emerging markets, can expose multinational companies to additional risks related to unpredictable foreign government acts or political events. FCIA offers an array of political risks coverage that can help protect investment in foreign countries. Coverages include named perils such as Confiscation, Expropriation and Nationalization.

*Unless prohibited under US law.

Great American Europe

Great American Europe specializes in providing specialty insurance products and in developing Affinity schemes for clients in the UK and Europe. We take pride in understanding the unique requirements of each client's business to develop bespoke insurance programs, which generate additional income streams whilst helping to protect clients and their customers.

We design and customize a broad portfolio of innovative insurance programs that can minimize risk, generate insurance revenue and build customer loyalty.

Great American Europe is comprised of:

Great American International Insurance (UK) Limited – established in the UK to write general insurance in the United Kingdom. Our teams have specialized market knowledge and the underwriting skills to develop and support customized insurance solutions in Construction & Engineering, Asset Affinity (Schemes Solutions), Peace of Mind Insurance, Surety Bonds & Credit, Professional Indemnity, Cyber, and insurance products for Financial Institutions to meet the unique needs of each organization's customer base.

Great American International Insurance (EU) DAC – established in Ireland to write commercial insurance throughout the EU. We offer a range of insurance solutions in Construction & Engineering, Asset Affinity, Peace of Mind Insurance, Surety & Credit, Financial Lines Insurance (PI and D&O), Cyber and insurance products for Financial Institutions. Our aim is to develop a bespoke offering that's right for each client.

Both insurance companies use the trading style Lease & Loan Insurance Services when providing insurance products to the Finance and Leasing sector such as Automatic Asset Insurance, POS Waiver programmes and Early Termination Insurance.

Innovative Markets

Innovative Markets offers differentiated and first-of-kind solutions for complex, emerging and evolving risks.

Complex, emerging and evolving risks do not have standard insurance solutions. To help clients address such risks, we seek to understand their unique challenges and what is important to them as we work together to tailor a solution.

Our customized programs include admitted or surplus lines insurance coverage combined with tailored loss control and claims services. We will consider partially delegated underwriting and claims authority, as well as producer captives.

Examples of our innovative products and programs include:

Ecological Restoration & Conservation

Specialized, multiyear performance bonds that meet the project-specific financial assurance requirements of federal and state regulators of wetland mitigation banks and stream and nutrient buffer compensatory mitigation projects.

Unemployment Risk Solutions

A suite of liability and surety offerings for 501(c)(3) nonprofits, tribal governments and their entities, and public entities that provide customized and cost-saving risk transfer alternatives to state unemployment insurance tax systems.

Do you have an emerging or evolving risk? Contact us!

Mergers & Acquisitions Liability

The Mergers & Acquisitions Liability Division underwrites primary and excess Representations & Warranties, Tax Indemnity and Tax Credit insurance.

Our Representations & Warranties appetite is for transactions where the target company is domiciled in the United States or Canada, and where U.S. or Canadian law applies.

Our Tax appetite is for exposures under U.S. or Canadian law. We can offer a policy of up to \$50 million in limits.

Representations and Warranties Insurance

In most merger and acquisition (M&A) transactions, the seller makes contractual representations and warranties regarding its business. R&W insurance protects our clients' business deals against losses arising from R&W breaches. Great American's R&W insurance offers:

- On-staff underwriting, legal, tax and accounting experts to provide highly customized coverage
- Experienced claims handling to ensure customer satisfaction

Common risks that R&W insurance covers include errors in tax returns and/ or financial statements; unpaid taxes; employee benefit package issues; asset and equity ownership; intellectual property; and much more. Generally, submission requirements include names of the parties to the transaction, current draft of the deal agreement, most recent financial statements of the company being acquired, offering memorandum and desired coverage parameters.

Tax Indemnity Insurance

Tax Indemnity Insurance covers the risk associated with uncertain tax positions, including taxes, penalties and interest that may be incurred after or as part of a merger or acquisition. Generally, submission requirements include a legal opinion or tax memorandum addressing the uncertain tax position, a loss calculation (determination of what the potential additional tax, penalties and interest may be) and the reason that tax insurance is being requested together with associated tax returns.

Ocean Marine

The specialized expertise of the Ocean Marine Division of Great American Insurance Group, plus a national network of skilled agents and brokers, enables us to provide unparalleled service to the marine industry. Only a handful of carriers have this depth of experience; fewer still have the extensive product selection and only one — Great American — has both.

Great American has been insuring ocean-related businesses since 1962. For more than 60 years, Great American has responded to the special needs of a marine-based business by developing one of the most extensive selections of Ocean Marine insurance products available from a single carrier. That gives every business the opportunity to package multiple coverages.

The Ocean Marine Division's specialized focus enables it to support select customer groups by providing the right coverage from our experienced underwriters. We provide a comprehensive suite of coverages for marina operators and boat dealers, passenger vessels, marine contractors, and international shippers of ocean cargo, just to name a few. Our in-house claims adjusting staff is always ready to fulfill our commitments with patience and compassion.

Specialty Construction

Specialty Construction provides loss-sensitive practice policies and wrap-up solutions to the construction industry focusing on workers' compensation and general liability insurance for general contractors, large trade contractors and owners.

We recognize the need for an exclusive focus on effective management for construction risks that could not only threaten the progress and completion of a construction job, but also the safety of contractors and subcontractors on the job. With our wrap-up program, we are able to provide the following country-wide:

- Uniformity of insurance coverage and limits for all enrolled contractors and subcontractors, as well as the owner or general contractor sponsoring the wrap-up.
- Comprehensive loss prevention services designed to help minimize risks and job site hazards through resources and technology innovation.
- Proactive claims handling, managed care, disability management and return to work programs.
- A dedicated team of construction service professionals focused on underwriting, risk engineering, claims administration and program management.
- Various types of projects, including Healthcare, Sports and Entertainment Arenas, Higher Education, General Building, Data Centers, Water/Sewer, Infrastructure, Manufacturing and Energy Projects.

Coverages:

- Workers' Compensation: Master policy with individual contractor policies.
- General Liability: Single policy with flexible limits and coverage based on exposures and program needs.
- Typical program retention of \$250,000.
- Product-Completed Operations limit up to statute of repose.
- General Aggregate Limit that renews annually for the duration of the project.
- Per Project Limits afforded on rolling programs.
- Repair work period extension and punch list work are included in the program.
- Ability to work with other Great American divisions to provide excess liability, contractor's pollution liability and builder's risk coverages.

Strategic Comp

Strategic Comp gives businesses more control over their costs, risks and outcomes than ever before. With nationwide service capabilities, our Paid Loss Aggregate Deductible program welcomes accounts with excellent loss experience as well as those with poor loss history and high e-mods. Here's how we make it work for everyone:

- **Change the model** – Strategic Comp's unique aggregate deductible program helps insureds achieve far better outcomes and lets them pocket the extra savings that result. Our deductible program caps their risk and does not require stacked security.
- **Cut the risks** – Our loss control experts will identify clear, practical ways that insureds can reduce their workplace incidents and provide hands-on help with implementing those changes.
- **Control the claims** – All Strategic Comp insureds get highly engaged, local field adjusters with low caseloads. Our field adjusters average 60 open claims.

We seek to provide a long-term solution to companies' workers' compensation needs. Let's make this work for everyone.

In the event of a discrepancy between the descriptions in the Directory and the insurance policy, the insurance policy shall control.

Disclaimer applicable to multi-peril crop insurance products: The U.S. Department of Agriculture (USDA) prohibits discrimination against its customers, employees, and applicants for employment on the basis of race, color, national origin, age, disability, sex, gender identity, religion, reprisal, and where applicable, political beliefs, marital status, familial or parental status, sexual orientation, or all or part of an individual's income is derived from any public assistance program, or protected genetic information in employment or in any program or activity conducted or funded by the Department. (Not all prohibited bases will apply to all programs and/or employment activities.) Great American Insurance Company is an equal opportunity provider.

To File a Program Complaint - If you wish to file a Civil Rights program complaint of discrimination, complete the USDA Program Discrimination Complaint Form, found online at http://www.ascr.usda.gov/complaint_filing_cust.html, or at any USDA office, or call (866) 632-9992 to request the form. You may also write a letter containing all of the information requested in the form. Send your completed complaint form or letter by mail to the U.S. Department of Agriculture, Director, Office of Adjudication, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, by fax (202) 690-7442 or email at program.intake@usda.gov. Individuals who are deaf, hard of hearing or have speech disabilities and wish to file either an EEO or program complaint please contact USDA through the Federal Relay Service at (800) 877-8339 or (800) 845-6136 (in Spanish). Persons with disabilities, who wish to file a program complaint, please see information above on how to contact the Department by mail directly or by email. If you require alternative means of communication for program information (e.g., Braille, large print, audiotape, etc.) please contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). For more information, contact the RMA Civil Rights Office at 202-690-3578 (main line).
